STATEMENT OF SUBSTANCE OF INTERVIEW
DATED DECEMBER 4, 2007

As per the phone conversation and interview on December 4, 2007 with Examiner Ramirez, this Amendment, originally filed on September 10, 2007, which is taken from the original claims, is being resubmitted. The Interview revealed that the Examiner should disregard the Applicant's Amendment filed on May 23, 2007 as it contains errors and has been declared noncompliant by the Patent Office. It was explained to the Examiner how text in the original claim language was inadvertently deleted without using the strike through format for the Amendment. Examiner Ramirez instructed Applicant's representative to resubmit the Amendment using the correct format and summarize the Interview conversation. This current Amendment uses the correct Amendment Format and is being submitted for reconsideration along with this Statement.

Respectfully submitted,

By: /Louis J. Capezzuto/
